

Wunderlich at the Eicma Motor Show in Milan

Wunderlich exhibited in a large stand in this event as well. The very satisfying positive response confirmed the correct direction of our ideas and parts. Many in the land of Ducati were surprised about the variety and uniqueness of our developments.

We presented for the first time the following parts:

- New type of brake and clutch levers
- The Nordkap-Gibraltar Record bikes (K 1200 R and R 1200 RT)
- The complete range of K 1200 R and K 1200 S parts
- R 1200 GS "Silver X" (this time with a blue /silver paint scheme) in a special "extreme" edition with max. suspension travel etc. for the forthcoming "Abenteuer Asien" (Asia Adventure) trip. Record breaking rider, extreme sports athlete and adventurer Gerry Mayr will attempt to cover 18,000 km in Asia in 42 days on this bike, covering heights over 5000 m above sea level at temperatures varying from minus 20 to 40°C. A report will follow later.
- R 1200 RT with many new products for 2006
- The R 1200 GS-WRA which Dirk Thelen rode to 4th place in the Agadir Rally GS-WRA mit der Dirk Thelen den 4. Platz bei der Rallye Agadir belegt hat.
- R 1200 GS-HP in the WRA Edition
- R 1200 GS "Jararaca" with black-chrome 17" wheel conversion
- Another R 1200 GS "Silver X" in "normal" trim but with many new
